WHAKARATONGA IWI

**FIRE  
EMERGENCY**

NEW ZEALAND

**Our firefighters do a great job but the demands on them are changing. So we're updating New Zealand's fire and emergency services, how they operate, and how they're funded.**

We are building a fire and emergency service that delivers for communities, and the firefighters who serve them, now and in the future.

**Find out more about our new organisation at [fireandemergency.nz](https://fireandemergency.nz)**
